

Honolulu

A Haley & Aldrich hub for Hawaii clients.–

Serving clients in the Pacific and beyond with geotechnical engineering and environmental services.

Located near Mamala Bay, Haley & Aldrich's Honolulu office counsels clients on areas that include:-

- [Construction](#)
- [Contaminated site management](#)
- [EHS compliance](#)
- [ESG and sustainability](#)
- [Geotechnical engineering](#)
- [Lean consulting](#)
- [Resilience](#)
- [Water resources](#)

Haley & Aldrich's Hawaii staff prides itself on serving local organizations and communities through conscientious infrastructure and natural resources management. In one example, we completed [award-winning engineering work](#) that reduced the risk of rockfall along a Maui peninsula's only access road.-
