

## Maui

Advising clients in Maui and nationally.

**Clients rely on our geotechnical engineering and environmental consulting.**

Our Maui office is located in Makawao, in the heart of upcountry, where our engineering and other experts advise on services that include:-

- [Construction](#)
- [Contaminated site management](#)
- [EHS compliance](#)
- [ESG and sustainability](#)
- [Geotechnical engineering](#)
- [Lean consulting](#)
- [Resilience](#)
- [Water resources](#)

In addition to many other projects in Hawaii, we've developed a long partnership with the County of Maui and built a comprehensive [stormwater management program](#) to support the local community and safeguard the environment.–
