

Phoenix

Haley & Aldrich's hub for Arizona clients.–

Clients rely on our geotechnical engineering and environmental consulting.

Located in the heart of downtown near Arizona State University, our Phoenix office members draw on local and national teams to provide services in: -

- [Construction](#)
- [Contaminated site management](#)
- [EHS compliance](#)
- [ESG and sustainability](#)
- [Geotechnical engineering](#)
- [Lean consulting](#)
- [Resilience](#)
- [Water resources](#)

In addition to other projects in Arizona, we've been proud to partner with local stakeholders to [remediate mine sites](#) and [protect water quality](#).
