

Portland, Maine

Advising clients in New England and nationally.-

Clients rely on our geotechnical engineering and environmental consulting.

Located in the heart of downtown Portland, Haley & Aldrich's Maine office enables our experts to partner with clients on project that involve, among other areas:-

- Construction
- Contaminated site management
- EHS compliance
- ESG and sustainability
- Geotechnical engineering
- Lean consulting
- Resilience
- Water resources

Our <u>award-winning work</u> in Maine has helped keep critical infrastructure operational and safe. For example, through the collaborative design of the <u>foundation system</u> for a new bridge for Beals Island, we strengthened the community's only road to the mainland.—

Haley & Aldrich 75 Washington Avenue, Suite 1A-Portland, ME 04101-Tel: 207.482.4600-
