

Richmond

Bringing value to clients in Virginia and beyond.-

Clients rely on our geotechnical engineering and environmental consulting.

Haley & Aldrich's Richmond experts partner our teams around the country to address challenges that involve, among other issues:-

- [Construction](#)
- [Contaminated site management](#)
- [EHS compliance](#)
- [ESG and sustainability](#)
- [Geotechnical engineering](#)
- [Lean consulting](#)
- [Resilience](#)
- [Water resources](#)

Our teams have collaborated on many projects in the region. We have a deep relationship with agencies such as the Virginia Department of Transportation, which we advised on significant geotechnical investigations related to [crucial transportation infrastructure](#).
