

Rochester

Bringing value to clients in upstate New York and beyond.-

Clients rely on our geotechnical engineering and environmental consulting.

The team in our Rochester office has a strong history of consulting on contaminated sites and infrastructure projects, partnering with our teams around the country to advise on:-

- [Brownfields](#)
- [Construction](#)
- [Contaminated site management](#)
- [EHS compliance](#)
- [Sustainability](#)
- [Geotechnical engineering](#)
- [Lean consulting](#)
- [Resilience](#)
- [Water resources](#)

Among other regional projects, our local team helped a hospital in Binghamton, New York, become more climate-change resilient with the design and construction of a [cost-effective flood wall](#).
