

San Jose

Advising clients in San Jose and nationally.–

Clients rely on our geotechnical engineering and environmental consulting.

From San Jose, our consultants partner with colleagues around the country to offer services that include:–

- [Construction](#)

- [Contaminated site management](#)
- [EHS compliance](#)
- [ESG and sustainability](#)
- [Geotechnical engineering](#)
- [Lean consulting](#)
- [Resilience](#)
- [Water resources](#)

Our Northern California team has deep experience with the state's complex geology and use of resources and strong relationships with relevant local and national agencies.-
