

Tacoma

Bringing value to clients in Tacoma and beyond.

Clients rely on our geotechnical engineering and environmental consulting.

Nestled between Olympic National Park and Mount Rainier National Park, our Haley & Aldrich office in Tacoma is ready to serve the region's geotechnical needs. Among other services, our local professionals focus on:

- [Construction](#)
- [Contaminated site management](#)
- [EHS compliance](#)
- [ESG and sustainability](#)
- [Geotechnical engineering](#)
- [Lean consulting](#)
- [Resilience](#)
- [Water resources](#)

In addition to other complex projects in the region, [we managed the environmental cleanup](#) of a valuable intertidal habitat at a former mine site in Tacoma. Our Tacoma consultants thrive on projects, like this one, that give back to the local community: the restored site is open to the public and provides essential habitat for salmon and other wildlife.
